## II. Presentación de la guía pedagógica

El diseño de esta guía pedagógica responde al Modelo Educativo de la Facultad de Ciencias Agrícolas, en el sentido de ofrecer un modelo de enseñanza centrado en el aprendizaje y en el desarrollo de habilidades, actitudes y valores que brinde a los estudiantes la posibilidad de desarrollar sus capacidades de entendimiento de lecturas específicas del área, así como tener la capacidad de comunicarse correctamente en Inglés.

El enfoque y los principios pedagógicos que guían el proceso de enseñanza aprendizaje de esta guía, tiene como referente el desarrollo de las competencias de enseñanza aprendizaje, que el alumno aprende a partir de su actividad interna y externa, por intermediación del profesor, como facilitador en seleccionar diversos métodos, estrategias y recursos educativos que considere más apropiados para el logro del aprendizaje significativo, contextualizando el conocimiento.

Los diferentes métodos, estrategias y recursos sugeridos en esta Guía Pedagógica, se enfocan en el desarrollo de habilidades para que los alumnos recuerden, reafirmen y apliquen no solamente las estructuras gramaticales, sino vocabulario cotidiano y técnico, así como, facilitar la investigación y la interpretación de los contenidos de aprendizaje, mediante la organización de actividades colaborativas.

Realizar búsqueda de información, en bases de datos especializadas para favorecer la comunicación con sus pares en inglés, a través de estrategias de exposición de temas específicos del área Agronómica.

Reforzar habilidades académicas a través del uso de las TIC tales como organización, presentación de temas en público, redacción de documentos académicos (resumen, cuadros sinópticos, mapas mentales y ensayos).

En cuanto a los escenarios, se propone trabajar no solamente en el salón de clases, sino en el Centro de Auto Acceso, sala de Cómputo y Biblioteca, para desarrollar habilidades de búsqueda, interpretación, análisis y síntesis de información específica relacionada con algún tema de Agronomía.

### III. Ubicación de la unidad de aprendizaje en el mapa curricular

<b>Núcleo de formación:</b>	Básico
<b>Área Curricular:</b>	Ciencias Sociales.
<b>Carácter de la UA:</b>	Obligatoria

### IV. Objetivos de la formación profesional.

#### Objetivos del programa educativo:

- Impulsar el desarrollo social y económico del sector florícola.
- Analizar y proponer alternativas de solución a la problemática de la producción, abasto, distribución y comercialización de productos florícolas.
- Fomentar la innovación y desarrollo tecnológico en la producción florícola nacional.
- Rescatar, preservar y aprovechar los recursos fitogenéticos con potencial ornamental.
- Diseñar esquemas de conservación y aprovechamiento de los recursos naturales en beneficio de la producción florícola.
- Elaborar e idear programas de extensión y vinculación con el sector florícola para mejorar el nivel socioeconómico y cultural en el medio rural.
- Administrar con eficiencia y eficacia el capital humano y los recursos materiales, naturales, económicos de los sistemas de producción florícolas.
- Realizar investigación en la ciencia y tecnología para el beneficio del productor florícola, mediante técnicas y estrategias acordes a las condiciones de las zonas productoras.
- Organizar, capacitar y actualizar en forma continua a productores y profesionales del área.

### **Objetivos del núcleo de formación:**

BÁSICO: Promover en el alumno/a el aprendizaje de las bases contextuales, teóricas y filosóficas de sus estudios, la adquisición de una cultura universitaria en las ciencias y las humanidades y el desarrollo de las capacidades intelectuales indispensables para la preparación y ejercicio profesional o para diversas situaciones de la vida personal y social.

### **Objetivos del área curricular o disciplinaria:**

Usar las habilidades comunicativas de gramática, vocabulario, comprensión de lectura, traducción, redacción, comprensión auditiva y desempeño oral, para el dominio intermedio y avanzado del idioma inglés.

Valorar la importancia de la comunicación en las relaciones humanas, y aplicar el manejo satisfactorio del lenguaje en el campo profesional.

Fomentar el cuidando el medio ambiente con ética y responsabilidad social en el desempeño profesional.

### **V. Objetivos de la unidad de aprendizaje.**

Aplicar la estructura y función de tiempos verbales con el fin de comunicar eventos, hábitos, opiniones, planes y expectativas dando a su discurso matices de modo y aspecto tanto en lo oral como en lo escrito.

## VI. Contenidos de la unidad de aprendizaje, y su organización.

#### Listening skills

- Using questions to predict content in a listening exercise.
- Listening to an interview with a man who did 52 jobs in one year

#### Reading comprehension strategies for specific academic purposes

- Using complex sentences and making contrasts
  - Word formation
  - Understanding words from context
- The purpose of each strategy is to improve student interaction with text.

#### Estrategias didácticas

- Teacher will take advantage of student's previous knowledge to introduce new topics in varied ways.
- Summarizing key points to make learning easier.
- Making students interact with different classmates.

- Using peer assessment so students can learn from each other.
- Correction for language errors will be provided through modeling.

<p>Students look at some photos and guess the people's jobs</p> <p>Students and Teacher will go through the job titles together. Then teacher will ask students to scan the texts and match each text with one of the photos and one of the job titles. Check answers as a class.</p> <p>Teacher will ask: What other things do you think these people do in their jobs every day?</p> <p>Students discuss in pairs Teacher will encourage students' ideas and write them on the board.</p> <p>Teacher and Students will go through the strategy and the instructions of a reading activity together.</p> <p>Students will work individually or in pairs to find the synonyms and paraphrases.</p>	<p>Teacher will write I want to ... on the board. Then ask: Does 'I want to', refer to the past, the present or the future? (future)</p> <p>Teacher will explain that we can use (don't) want to + base form of verb to talk about our future hopes and intentions, e.g. When I retire, I want to live by the sea. I don't want to live in a city.</p> <p>Teacher will ask students to think about their future plans and careers and tell a partner what they want to do in the future.</p> <p>Students should start each sentence with When ... , e.g. When I leave school, I want to go to university.</p> <p>Teacher will ask a few students to share their ideas with the class.</p> <p>Students will be asked to read a dialogue in their books and ask: Which future tenses are in the</p>	<p>Results:</p> <p>Role play: In teams, students write their questions to make an interview. They will ask each other and answer them using future structures. Teacher will monitor and check that students are forming their questions and answers correctly.</p> <p>An article: Students will use the information obtained in the previous exercise to help them plan their article. Students write their article and use the Check your work box to edit it.</p>

<p>Students will rate some jobs according to fun and difficulty. Encourage them to think about different aspects of the jobs, e.g. dealing with the public, travelling a lot.</p> <p>Teacher will ask a few students to share their ideas with the class.</p> <p>In pairs, students practise making sentences with the collocations. Teacher will write sentences with the collocations with deliberate mistakes on the board and ask students to correct them.</p> <p>Tell students that they are going to look for their dream job online. Teacher will ask: How are you going to do this? elicit answers, e.g. look in job sections of news websites, type key words into Google, e.g. 'sales assistant', search for job websites online and then type in key words.</p> <p>Students should find a job advert that suits them best and study the requirements of the job.</p> <p>Students plan a description of the offer.. They then tell the class about their job.</p>	<p>dialogue? (will and going to)</p> <p>Teacher will give students another example of each use of will and going to, e.g.</p> <p>Sara's parents are both tall. Sara is going to be tall too. (prediction based on evidence)</p> <ul style="list-style-type: none"> <li>- I don't think I'll watch the film tonight. (You aren't sure.)</li> <li>- I'm going to buy some new trainers after school. I've got money with me to buy them. (You planned this earlier.)</li> <li>- It starts to rain. You say, 'I'll close the window.' (You decide to do this as you speak.)</li> <li>- Your grandma can't carry all the shopping bags. You say, 'I'll carry them for you.' (offer to help)</li> <li>- Your mum is worried because you aren't doing your homework. You say, 'I'll do it later.' (a promise)</li> </ul> <p>Students find examples of will and going to in a dialogue in their books.</p>

## IV. Objetivos de la formación profesional.

### Objetivos del programa educativo:

- Impulsar el desarrollo social y económico del sector florícola.
- Analizar y proponer alternativas de solución a la problemática de la producción, abasto, distribución y comercialización de productos florícolas.
- Fomentar la innovación y desarrollo tecnológico en la producción florícola nacional.
- Rescatar, preservar y aprovechar los recursos fitogenéticos con potencial ornamental.

- Diseñar esquemas de conservación y aprovechamiento de los recursos naturales en beneficio de la producción florícola.
- Elaborar e idear programas de extensión y vinculación con el sector florícola para mejorar el nivel socioeconómico y cultural en el medio rural.
- Administrar con eficiencia y eficacia el capital humano y los recursos materiales, naturales, económicos de los sistemas de producción florícolas.
- Realizar investigación en la ciencia y tecnología para el beneficio del productor florícola, mediante técnicas y estrategias acordes a las condiciones de las zonas productoras.
- Organizar, capacitar y actualizar en forma continua a productores y profesionales del área.

#### **Objetivos del núcleo de formación:**

BÁSICO: Promover en el alumno/a el aprendizaje de las bases contextuales, teóricas y filosóficas de sus estudios, la adquisición de una cultura universitaria en las ciencias y las humanidades y el desarrollo de las capacidades intelectuales indispensables para la preparación y ejercicio profesional o para diversas situaciones de la vida personal y social.

#### **Objetivos del área curricular o disciplinaria:**

Usar las habilidades comunicativas de gramática, vocabulario, comprensión de lectura, traducción, redacción, comprensión auditiva y desempeño oral, para el dominio intermedio y avanzado del idioma inglés.

Valorar la importancia de la comunicación en las relaciones humanas, y aplicar el manejo satisfactorio del lenguaje en el campo profesional.

Fomentar el cuidando el medio ambiente con ética y responsabilidad social en el desempeño profesional.

## **V. Objetivos de la unidad de aprendizaje.**

Aplicar la estructura y función de tiempos verbales con el fin de comunicar eventos, hábitos, opiniones, planes y expectativas dando a su discurso matices de modo y aspecto tanto en lo oral como en lo escrito.
